

2017-10-10 Meeting notes

Agenda:

1. Get ready for sprint review
2. Go over wire-frames
3. Get ready / plan for sprint 2
4. Reach out to the client / assign point of contact
5. Brainstorm use cases

Sprint meeting: Wednesday 7pm 10/11

Notes: questions to the client now go in slack channel "client-questions"

partners have multiple locations. students just see this as "ABC-Waltham" vs "ABC-Boston"

To do for Sprint 2:

- UML
- class structure
- functions

Use Cases:

Student

- login / fail to login
- log hours
- view sl hours (print?)
- edit/delete sl hours
- reporting
- view / edit profile (email, password)

Admins

- CRUD classes
- CRUD partners
- CRUD students
- CRUD TAs
- CRUD professors
- CRUD service categories *
- CRUD positions *
- view reporting / statistics
- upload a csv of students

TAs

- student functionality
- CRUD student (into class/into system)*
- tag/add students with a service partner
- CRUD for partners? *

Professors
